the President of Siam Technology College**

I am delighted to welcome you to our home, Siam Technology College, Thailand's first private industrial vocational institution that, now turn to be an excellent example of learning in technological skills through knowledge for higher level of education.

And, I am honors to welcome you to the prestige Twelfth International Conference on eLearning for Knowledge based Society or eLearn 2015, which is held during December 11th - 12nd, 2015 at Siam Technology College, Thailand, in conjunction with all prestige and high impact organizations from around the world.

The theme of eLearn 2015 is "Theory and Practices in eLearning2015 and future" which is always appropriate and everlasting relevant event in the wider area beyond education, especially in the year that we open up to be part of Asean Economic Community and, also, in the high impact raise of technologies such Internet of Everything. After all, eLearning always signify "connecting all via knowledge". Therefore, it is a great time for us, all, to see... to share... to invent... and even to resurrect eLearning with new prospective and with new light, which is the aim of this prestige stage.

I would like to thank all members of organizing committee and all supporting from our friends around the world for their devotion that set eLearn 2015 high stage. I look forward to see more, to share more, to invent more, and to resurrect eLearning with you all during events of eLearn 2015.

Once again, welcome you all to the Twelfth International Conference on eLearning for Knowledge Based Society.
